## Deliberative Process / Ex. 5

**Meeting with Corps of Engineers on Rosemont Mine:** The Corps South Pacific Division, which is considering the LA District's proposed denial of a 404 permit to the Rosemont Mine, is convening a meeting in Phoenix on 4/18 focused on water quality and regional hydrology. The Corps wishes to hear from the mine and other non-federal stakeholders who have commented on these issues, followed by a closed-door session with EPA and the USFS, to refine the Corps understanding to make a permit decision. Jason Brush (WTR) and Kathy Goforth (ENF) will participate in person, with remote technical support from WTR and ENF staff leads (Brush 2-3483)
